BRAIN RESEARCH BULLETIN

VOLUME 13 NUMBER 1 JULY 1984

CONTENTS

Atlas of serotonergic cell bodies in the cat brainstem: An immunocytochemical analysis.
JACOBS, B. L., P. J. GANNON and E. C. AZMITIA 1

Alteration of hippocampal B50 phosphorylation after adrenalectomy.
DOKAS, L. A., H. ZWIERS and W. H. GISPEN 33

Anisomycin blocks the late phase of long-term potentiation in the dentate gyrus of freely moving rats.
KRUG, M., B. LÖSSNER and T. OTT 39

Role of the subfornical organ in vasopressin release.
MANGIAPANE, M. L., T. N. THRASHER, L. C. KEIL, J. B. SIMPSON and W. F. GANONG 43

The stimulation of prolactin secretion by taurine: Studies on the site of action.
SCHEIBEL, J., T. ELSASSER, B. BROWN, R. DOM and J. G. ONDO 49

Computer graphics analysis of sleep-wakefulness state changes after pontine lesions.
FRIEDMAN, L. and B. E. JONES 53

Autoradiographic localization of peripheral benzodiazepine binding sites in the cat brain with [^{3}H]PK 11195.
BÉNAVIDÈS, J., H. E. SAVAKI, C. MALGOURIS, C. LAPLACE, M. DANIEL, F. BEGASSAT, M. DESBAN, A. UZAN, M. C. DUBROEUCQ, C. RENAULT, C. GUÉRÉMY and G. LE FUR 69

Two latent period processes in *Limulus* ventral photoreceptors.
WULFF, V. J., M. E. BEHRENS, W. J. MUELLER and J. L. FAHY 79

Changes in body temperature and thermosensitivity of preoptic and septal neurons during hippocampal stimulation.
OSAKA, T., T. HORI, T. KIYOHARA, M. SHIBATA and T. NAKASHIMA .. 93

Ultrastructural study of colchicine neurotoxicity in septohabenulointerpeduncular system.
CONTESTABILE, A. and L. VILLANI 99

The localization of tyrosine hydroxylase-like immunoreactivity in the central nervous system: Methodological considerations.
RENFROE, J. B., R. B. CHRONISTER, J. W. HAYCOCK and J. C. WAYMIRE 109

Injections of phentolamine into the anterior hypothalamus-preoptic area of rats blocks both pressor and drinking responses produced by central administration of angiotensin II.
JONES, D. L. 127

Fine structural cytology of the rat subfornical organ during ontogenesis.
DELLMANN, H.-D. and S. J. STAHL 147

Functional differentiation of hypoglossal motoneurons during the amygdaloid or cortically induced rhythmical jaw and tongue movements in the rat.
KAKU, T. 147

Contents continued

Phencyclidine (PCP): Effects on auditory evoked potentials in the rhesus monkey.
MATSUZAKI, M. and K. C. DOWLING 155

Interpeduncular nucleus organization in the rat: Cytoarchitecture and histochemical analysis.
HEMMENDINGER, L. M. and R. Y. MOORE 163

Calcium-binding protein immunocytochemistry in organotypic cultures of cerebellum.
HENDELMAN, W. J., S. S. JANDE and D. E. M. LAWSON 181

Lesions of the sexually dimorphic area disrupt mating and marking in male gerbils.
COMMINS, D. and P. YAHR 185

BRIEF COMMUNICATIONS

Rat brain slicer: A simple device for rapidly obtaining serial slabs of fresh brain.
HENRY, J. L. and K. YASHPAL 195

Effects of ATP and AMP on hippocampal neurones of the rat *in vitro*.
Di CORI, S. and J. L. HENRY 199

Subdivisions of the interpeduncular nucleus: A proposed nomenclature.
LENN, N. J. and G. S. HAMILL 203

On-line data acquisition system using an Apple™ computer: ISI and PST histograms.
COHENS, M. S. and D. W. PFAFF 205

TECHNICAL REVIEW 225

ANNOUNCEMENTS 227

BRAIN RESEARCH BULLETIN

VOLUME 13 NUMBER 2 AUGUST 1984

CONTENTS

Harmaline disrupts acquisition of conditioned nictitating membrane responses.
TÜRKER, K. S. and T. S. MILES 229

Effect of dopamine receptor blockade or norepinephrine synthesis inhibition on acute, ovariectomy-induced increases in pulsatile luteinizing hormone release in the rat.
LEIPHEIMER, R. E., R. H. ALPER and R. V. GALLO 235

Effects of morphine and naloxone on hippocampal CA3 field potentials following systemic administration in the freely-moving rat.
LINSEMAN, M. A. and W. A. CORRIGALL 241

The effect of hypothalamic temperature on the immune response in the rat.
BRANDT, S. and M. BANET 247

Maintenance of regional chemical integrity for energy metabolites in microwave heat inactivated mouse brain.
McCANDLESS, D. W., W. B. STAVINOHA and M. S. ABEL 253

Inhibition of brain acetylcholine biosynthesis by methyldopa in spontaneously hypertensive rats.
BUCCAFUSCO, J. J. 257

Hyperthermic response of the cat to intraventricular injection of the opioid delta-receptor agonist D-Ala^2-D-Leu^5-enkephalin.
PANG, I.-H., G. L. BERNARDINI and W. G. CLARK 263

Ultrastructural morphology of dopaminergic nerve terminals and synapses in the striatum of the rat using tyrosine hydroxylase immunocytochemistry: A topographical study.
ARLUISON, M., M. DIETL and J. THIBAULT 269

Steady-state visual evoked responses in anesthetized monkeys.
KLEMM, W. R., R. A. GOODSON and R. G. ALLEN 287

Effect of intracerebroventricularly administered octopamines and synephrines on angiotensin II-induced water intake in rats.
FREGLY, M. J., N. E. ROWLAND, C. M. WILLIAMS and J. E. GREENLEAF 293

Serotonin-immunoreactivity in the adrenal medulla: Distribution and response to pharmacological manipulation.
HOLZWARTH, M. A., C. SAWETAWAN and M. S. BROWNFIELD 299

Effects of intranigral injections of dopamine agonists and antagonists, glycine, muscimol and N-methyl-D,L-aspartate on locomotor activity.
JACKSON, E. A. and P. H. KELLY 309

Distribution of substance P and enkephalin-like immunoreactivity in the substantia nigra of rat, cat and monkey.
INAGAKI, S. and A. PARENT 319

Contents continued

Ontogenesis of muscimol binding sites in cat visual cortex.
SHAW, C., M. C. NEEDLER and M. CYNADER 331

Inhibition of brain protein synthesis suppresses the release of prostaglandin E_2 in febrile rabbits.
TOWNSEND, Y., W. I. CRANSTON and R. F. HELLON 335

Role of the septum on LH, FSH and prolactin secretion in male rats.
CARRERAS, A., R. ROBLES, E. RUIZ, E. ORTEGA, C. MENDOZA and C. OSORIO 339

BOOK REVIEW 343

ANNOUNCEMENTS 347

BRAIN RESEARCH BULLETIN

VOLUME 13 NUMBER 3 SEPTEMBER 1984

CONTENTS

Responses of preoptic neurons to stimulation of caudal and rostral brain stem reticular structures.
MALLICK, B. N., V. M. KUMAR, G. S. CHHINA and B. SINGH 353

Amines and other transmitter-like compounds in the bovine area postrema.
LESLIE, R. A. and N. N. OSBORNE 357

Cellular mechanisms of acute estrogen negative feedback on LH secretion: Norepinephrine, dopamine and 5-hydroxytryptamine metabolism in discrete regions of the rat brain.
JOHNSTON, C. A., M. TESONE and A. NEGRO-VILAR 363

^{3}H-2-deoxyglucose uptake after electrical stimulation of cardioactive sites in anterior medial cortex in rabbits.
BUCHANAN, S. L., D. A. POWELL and J. BUGGY 371

Monoamine neurotransmitter metabolism in microencephalic rat brain after prenatal methylazoxymethanol treatment.
HALLMAN, H. and G. JONSSON 383

Distribution of FMRF-NH_2-like immunoreactivity in rat and cat area postrema.
NEWTON, B. W., B. MALEY, C. SASEK and H. TRAURIG 391

Afferent projections of the cervical vagus and nodose ganglion in the dog.
CHERNICKY, C. L., K. L. BARNES, C. M. FERRARIO and J. P. CONOMY 401

Distribution of motoneurons in the brain stem of monkeys, innervating the larynx.
YOSHIDA, Y., T. MITSUMASU, T. MIYAZAKI, M. HIRANO and T. KANASEKI 413

Regional synthesis of ^{14}C-amino acids in cerebral cortex of the unanesthetized rat: Simultaneous analysis by "push-pull" perfusion.
MORA, F. and R. D. MYERS 421

5-Hydroxytryptamine in the spinal cord of the domestic fowl.
HO, R. H. and A. L. LAVALLEY 427

Anatomical alterations in locus coeruleus neurons in the adult spontaneously hypertensive rat.
FELTEN, D. L., L. R. RUBIN, S. Y. FELTEN and J. A. WEYHENMEYER . 433

Norepinephrine and serotonin in central autonomic nuclei in the spontaneously hypertensive rat and two normotensive control rats.
FELTEN, S. Y., J. A. WEYHENMEYER and D. L. FELTEN 437

L-Pyroglutamate: An alternate neurotoxin for a rodent model of Huntington's disease.
RIEKE, G. K., A. D. SCARFE and J. F. HUNTER 443

Contents continued

BRIEF COMMUNICATIONS

A methoxyflurane delivery system for stereotaxic surgery.
LASITER, P. S. and J. GARCIA 457

Hypothermic effect of 2,4-dinitrophenol infused ICV in the cat.
BELESLIN, D. B. and R. SAMARDZIC 461

LABORATORY INSTRUMENTATION AND COMPUTING

PCAVR: A portable laboratory program for performing varimax-rotated principal components analysis of event-related potentials.
PRITCHARD, W. S. 465

ANNOUNCEMENTS 475

BRAIN RESEARCH BULLETIN

VOLUME 13 NUMBER 4 OCTOBER 1984

CONTENTS

Opiate ([^{3}H]-naloxone) binding to hypothalamic and cerebral cortical slices of mouse brain.
JACOBSON, W. and M. WILKINSON 481

Regulation of glycine receptor binding in the mouse hypoglossal nucleus in response to axotomy.
ROTTER, A., C. M. SCHULTZ and A. FROSTHOLM 487

Multiunit bursts in rat pallidum during grooming and stereotyped jaw movements.
McKENZIE, J. S., P. W. EVERETT and W. A. A. KUNZE 493

A comparison of CNS stimulants with phencyclidine on dopamine release using in vivo voltammetry.
HOWARD-BUTCHER, S., C. D. BLAHA and R. F. LANE 497

The subnuclear organization of acetylcholinesterase-containing neurons in the interpeduncular nucleus of rats.
FASS, B. and G. S. HAMILL 503

Lateral hypothalamic relations with medial hypothalamus and limbic areas in geese.
FELIX, B. and T. ROESCH 509

Regional effects of ethanol on limbic afterdischarge activity.
LESSE, H. and R. K. HARPER 519

A study of afferent projections to the rat interpeduncular nucleus.
HAMILL, G. S. and D. M. JACOBOWITZ 527

Effects of external chemical environment on the developing olfactory bulbs of the mouse (Mus musculus).
HARVEY, F. E. and J. J. COWLEY 541

Characterization of cortical spindles in DBA/2 and C57BL/6 inbred mice.
RYAN, L. J. 549

Substance P-immunoreactive processes on 5TH/SP-immunoreactive medullary cells.
HANCOCK, M. B. 559

Effects of neurotransmitters and vagus nerve stimulation on diencephalic and mesencephalic neuronal activity.
BARONE, F. C., D. L. ARMSTRONG, M. J. WAYNER and I. ZARCO DE CORONADO 565

Vagal and gastric connections to the central nervous system determined by the transport of horseradish peroxidase.
SCHAROUN, S. L., F. C. BARONE, M. J. WAYNER and S. M. JONES 573

Contents continued

BRIEF COMMUNICATIONS

Dorsal nucleus of the lateral lemniscus: A nucleus of GABAergic projection neurons.
ADAMS, J. C. and E. MUGNAINI 585

Chronic infusion of norepinephrine and clonidine into the hypothalamic paraventricular nucleus.
LICHTENSTEIN, S. S., C. MARINESCU and S. F. LEIBOWITZ 591

Substance P analogue blocks SP-induced facilitation of a spinal nociceptive reflex.
YASHPAL, K. and J. L. HENRY 597

LABORATORY INSTRUMENTATION AND COMPUTING

Computer based instruments for laboratory environments.
STUNDEL, A., G. SILVERMAN, M. C. CHEN and R. J. O'CONNELL 601

ANNOUNCEMENTS 609

BRAIN RESEARCH BULLETIN

VOLUME 13 NUMBER 5 NOVEMBER 1984

CONTENTS

Interstitial nucleus of Cajal (INC) projections to the region of Probst's tract.
SKINNER, R. D., E. GARCIA-RILL, S. GRIFFIN, R. NELSON and J. A. FITZGERALD 613

A GABAergic habenulo-raphe pathway mediates both serotoninergic and hypnogenic effects of vasotocin in cats.
PAVEL, S. and C. EISNER 623

Electrophysiological evidence for central nervous connections of the pigeon's pineal gland.
DEMAINE, C. and P. SEMM 629

Phencyclidine (PCP): Effects on limbic afterdischarges in the rhesus monkey.
MATSUZAKI, M. and K. C. DOWLING 635

Effects of neonatal monosodium glutamate (MSG) treatment on the hormonal and central monoaminergic dynamics associated with acute ether stress in the male rat.
JOHNSTON, C. A., E. J. SPINEDI and A. NEGRO-VILAR 643

Further evidence for hypothalamic asymmetry in endocrine control of the ovary.
NANCE, D. M., M. BHARGAVA and G. A. MYATT 651

Heterogeneous distribution of adenosine transport sites labelled by [^{3}H]nitrobenzylthioinosine in rat brain: An autoradiographic and membrane binding study.
GEIGER, J. D. and J. I. NAGY 657

Responsiveness of hypoglossal neurons to testosterone in pre-pubertal rats.
YU, W.-h. A. 667

Hypothalamic lesions in the weanling rat alter pancreatic response to glucose.
MOLTZ, J. H., W. K. SAMSON, R. E. DOBBS and C. P. FAWCETT 673

Effects of oxytocin and vasopressin on thoracic sympathetic preganglionic neurones in the cat.
BACKMAN, S. B. and J. L. HENRY 679

BRIEF COMMUNICATION

A rapid histological technique for localizing recording sites in single unit electrophysiological studies *in vitro*.
TRULSON, M. E., M. S. CANNON and E. D. KAPES 685

ANNOUNCEMENTS 689

BRAIN RESEARCH BULLETIN

VOLUME 13 NUMBER 6 DECEMBER 1984

CONTENTS

Articles

Sympathetic innervation of lymph nodes in mice.
FELTEN, D. L., S. LIVNAT, S. Y. FELTEN, S. L. CARLSON, D. L. BELLINGER and P. YEH 693

Catecholamine innervation of cervical dendrite bundles: Possible phrenic nucleus innervation.
BELLINGER, D. L., W. J. ANDERSON, P. L. BELLINGER and D. L. FELTEN 701

Organization of raphe-cortical projections in rat: A quantitative retrograde study.
O'HEARN, E. and M. E. MOLLIVER 709

Plasticity of catecholaminergic neurons in aged rat brain: Reinnervation and functional recovery after axotomy.
PHELPS, C. J. and J. R. SLADEK, JR. 727

MPTP alters central catecholamine neurons in addition to the nigrostriatal system.
GUPTA, M., D. L. FELTEN and D. M. GASH 737

Computer-assisted image analysis to quantify regional and specific receptor ligand binding: Upregulation of [^{3}H]QNB and [^{3}H]WB4101 binding in denervated hippocampus.
TAYRIEN, M. W. and R. LOY 743

Cholinergic systems in the rat brain: I. Projections to the limbic telencephalon.
WOOLF, N. J., F. ECKENSTEIN and L. L. BUTCHER 751

Proopiomelanocortin peptide immunocytochemistry in rhesus monkey brain.
KHACHATURIAN, H., M. E. LEWIS, S. N. HABER, H. AKIL and S. J. WATSON 785

Anatomical relationship between opioid peptides and receptors in rhesus monkey brain.
LEWIS, M. E., H. KHACHATURIAN, H. AKIL and S. J. WATSON 801

Review

Brain spectrin: A review.
GOODMAN, S. R. and I. S. ZAGON 813

Brief Communication

The distribution of neurons containing delta sleep-inducing peptide in the hippocampal formation.
FELDMAN, S. C. and A. J. KASTIN 833

Index to Volume 13 839
